Bottom cabinets

CORNER CABINETS

- Corner cabinets complement bottom cabinets (204.02) and sink cabinets (204.01).
- The advantage is the functional design of corner assemblies.
- In assemblies of tables can be created inside and outside corners.
- Load capacity of the shelf 30 kg.

Variants of implementation

RH1
Rectangular corner cabinet - inner corner

RH2
Corner cabinet with angled corner

RH3
Rectangular corner cabinet - outer corner
