

Forclean - HVAC attachments and grilles

WALL-MOUNTED EXHAUST ADAPTER WITH HEPA FILTER

The wall-mounted exhaust adapter with HEPA-filter is used for the filtration of air exhausted from a room with dust-generating technological operations, with the requirement of filtration of exhausted air through a pre-filter and a HEPA filter. It is mostly used when working with cytostatic substances, antibiotics, hormones, microbial organisms or other processes which affect human health or the environment.

WALL-MOUNTED EXHAUST ADAPTER WITH HEPA FILTER

S1: Product type

109.05: wall exhaust adapter with HEPA filter

S2: HEPA filter dimensions

610x305x150 : HEPA filter dimensions 610x305x150

610x305x292: HEPA filter dimensions 610x305x292

610x610x292: HEPA filter dimensions 610x610x292

Conditional parameters Filter dimensions; pocket pre-filter; number of pre-filter pockets 610x610x292; 662x662x200; 8 610x305x292; 662x357x200; 4 610x305x150; 662x357x200; 4

S3: HEPA filter frame

H: frame of filter Al

Conditional parameters Filter frame: H - Aluminium filtration classes: H12 yes H13 yes H14 yes

S4: HEPA filter filtration class

13: filtration class EU13

14: filtration class EU14

S5: Pocket pre-filter dimensions

662x357x200: pocket pre-filter dimensions 662x357x200

662x662x200: pocket pre-filter dimensions 662x662x200

S6: Pre-filter frame

H: frame of filter Al

P: plastic filter frame

S7: Pre-filter filtration class

5: filtration class EU5

6: filtration class EU6

7: filtration class EU7

S8: Number of pre-filter pockets

4: number of pre-filter pockets 4

8: number of pre-filter pockets 8

S9: Accessories - probes (1 probe as standard)

00: without accessories

2S: 2 probes

S10: Adapter surface

N4F8: stainless steel AISI 304, brushed surface FIN8

1015 : thermosetting powder coat Komaxit, standard hue RAL 1015

6027 : thermosetting powder coat Komaxit, standard hue RAL 6027

9002: thermosetting powder coat Komaxit, standard hue RAL 9002

9016 : thermosetting powder coat Komaxit, standard hue RAL 9016
